HOW WILL WE DO THIS FOR YOU?

Team Building and Development Programmes

We will allow your team to step into different roles and experience new ways of working together.

From building your very own jungle camp, learning bushcraft and wilderness first aid skills to adrenaline filled navigation courses, we have a portfolio of 100's of team building activities that are suitable for all ages and fitness levels.

Each programme is structured to give every participant enhanced problem solving and interpersonal skills. Our challenges will bring out the best in your team and encourage trust and develop leadership skills. We can theme our team development programmes to well known TV programmes.

Whether you want new team members to get to know one another, coach junior members for greater responsibilities or for senior staff to hone their managerial skills, a training and development programme will help increase your performance levels.

We can provide you with comprehensive feedback based on your company values whether in written or DVD format. Follow up feedback presentations and 1 to 1 coaching can be delivered to suit your needs.

Team Activity Days
